This is a very short walk across the picnic area to the lookout - you can see the end of the walk from the start. The council has installed a sandstone footpath that arcs around the picnic area and leads to St Johns Lookout. The path also leads to picnic tables and accessible toilets. You will also find electric BBQs, just off from the path. A great spot with some shade, the view from the lookout is great on a sunny day.

This fenced lookout is found at the top of Katandra Reserve, near the toilets. The lookout was upgraded by Gosford Council in September 2009 and now provides a safer platform and easier access. From the lookout, there are extensive views south-east over Matcham, Erina Heights and Terrigal, out to the ocean. The Guringai Walk passes below the lookout - please take extra care to not drop anything from the platform.
